It's a busy time in the Borough.....a lot of activity will take place in town over the next several months.

Borough Council will bid street reclamation and paving for the following streets:

- Free Street
- Winters Avenue
- Charles Avenue

Please drive with care around these construction areas.

At their July 6th meeting, Borough Council will award a bid for **demolition of the old Ramsay Movie Theater** at 3 South Main Street. This has been a long process, but Stewartstown Borough finally obtained the property deed for the theater in June. The Borough is currently involved in York County's Blight Remediation process in which grant monies are awarded to ease the financial burden of blighted properties such as this.

This was a long time coming, as Borough residents and visitors have watched this once-bustling building slowly deteriorate over the years. The plans for the lot, once the theater is demolished are to be determined.
