**IMPORTANT !!!!**

Stewartstown Borough is asking customers NOT to flush **wipes** down the toilet. **Baby wipes, floor-cleaning wipes, other disposable wipes, even “flushable” wipes and feminine hygiene items all can cause major headaches and costs to a sewer system.** These products can particularly cause pumps to clog and sewage to back-up. **The costs of clogged pumps or even upgrading of pumps are ultimately a sewage customer cost.** In addition to wipes and “flushable” wipes, customers are again requested to not dispose of **fats, oils and grease down household drains and plumbing.** These materials should be collected and disposed of with regular trash.

**Residential Electronics Recycling Program has relocated & extended their hours.....**

The York County Solid Waste Authority’s free residential electronics recycling program is now located at the Small Load Drop-off Facility at the York County Recovery Center. Electronics will be accepted from residents Monday through Friday from 8am to 4pm, and Saturday from 8am to noon.

Residents delivering electronics will enter the center at 2651 Blackbridge Rd, and proceed toward the scales. A worker will confirm delivery of electronics ONLY and provide a placard enabling free delivery. Residents will then follow “public drop-off” signs to the Small Load Drop-Off Facility. Residents will show the electronics placard to the attendant who will direct them to the electronics off-load area. Upon exiting, residents will be directed to the designated exit where they will return the placard and exit the site.

**ACCEPTED ITEMS:** televisions (limit of 5 televisions per visit), desktop and laptop computers, monitors and computer peripherals (anything that connects to a computer), as well as other electronics, including cell phones, vacuum cleaners, alarm clocks, irons and coffee makers or anything with a plug that does not contain Freon. **No** refrigerators, freezers, air conditioners and dehumidifiers.

PA waste haulers are also prohibited from collecting these electronics for disposal.

Businesses, schools and organizations are not eligible to participate in the residential program. These organizations must make their own arrangements with an electronics recycling vendor to properly manage their electronics. A list of vendors is located on the website at [www.ycswa.com](http://www.ycswa.com)
